

## PROTECTING THE LAND IS OUR PROMISE

Dear Friends,

Each year at this time we ask you to join us as members in support of the Kent Land Trust.

For three decades we've focused on conserving nature and providing public service to uniquely benefit Kent. It is increasingly clear that this legacy plays a pivotal role in ensuring the current and future health of our environment, local economy, and personal well-being.

Kent's protected farms, forests, waterbodies, and wildlife corridors make possible a future in which we can grow food, enjoy clean water, and take care of a full diversity of animals and plants in support of a healthy ecosystem.

Today we cherish the solace and invigoration of wooded trails and rural viewsapes, Marble Valley Farm's vibrant vegetables, and gathering for the Farmers' Market and outdoor concerts.

We continue our commitment to engender climate action and resilience that starts at the community level and resonates globally. Our promise to you is to do this forever.

We send this invitation in heartfelt hope that you will be inspired to join in our vision. With it, we send our additional wish that your holidays may be warm and safe – this year and always.
